CCU525

CAMERA CONTROL UNIT FOR MULTIPLE CCTV CAMERAS

The CCU525 is a modular built camera control unit that powers and controls 2-6 cameras. It is steered by an external control system from third party suppliers that communicates with the CCU525 via Pelco.

APPLICATIONS

- Camera control unit that supplies power and controls camera, pan&tilt and lighting
- The CCU is powered by 48VDC from site or by a separate 1U rack mounted power supply

BENEFITS

- Flexible, powers and controls 2-6 cameras
- Can be steered by a remote or an external control system via Pelco D
- Fits on a 19" rack

SPECIFICATIONS

Dimensions (HxWxD)	19" 3U
